

Western Washington
Medical Group

Position: ARNP

Marysville Family Medicine is looking to add a full-time ARNP to our Family Medicine Practice.

This is an optimal time to join our practice and establish your own, as we have a provider retiring soon with a full panel of patients!

Marysville Family Medicine is part of Western Washington Medical Group, a physician owned and operated multispecialty group.

We are located just 25 miles north of Seattle, Washington in Marysville.

Education:

- Board Certified ARNP
- Current RN and ARNP licensure, valid, in good standing and unrestricted license in WA State.
- Current and valid DEA

Preferred Experience:

2 years of experience as a certified Family Practice ARNP, managing individual patient panel within Primary Care setting.

Job Description:

- Provide autonomous primary care medical services to patients including preventative, maintenance and episodic care.
- Excellent communication skills and a delivery style that is welcoming and open with patients
- Effectively identify, evaluate and address disease prevention and health promotion issues
- Diagnose and treat acute, chronic and long-term healthcare issues.
- Screen all patients for health maintenance needs.
- Maintain a productive work schedule.
