

Medical Laboratory Technician

Western Washington Medical Group - Everett, WA

WWMG Laboratory is seeking a part-time generalist MLT for our busy evening shift. This individual performs patient testing accurately and efficiently using a variety of automated and manual testing procedures.

This position requires:

- Following established departmental policies and procedures to maintain compliance with accreditation and licensing agencies
- Performing a variety of testing and evaluating all results for abnormal or critical values in order to assure accuracy of patient and QC results
- Perform and document quality control, preventative maintenance and troubleshooting on all assays and instruments in the laboratory according to CAP and CLIA regulations
- Participation in proficiency testing, annual competency testing and continuing education
- Assist in the training of MLT students
- Ability to prioritize workload and multi-tasking is essential

We are looking for an individual that can be part of our team and also work independently, interacts well with laboratory staff and other healthcare professionals, has good customer service skills and have a willingness to learn and teach.

Job Type: Part-time
