

**Position: Psychometrist (Part-time)**

Western Washington Medical Group (WWMG) is looking for health care innovators who want to make a difference. Patient Services Specialist's provide direct support to patients to improve the quality and experience of care.

Job Description:

The Department of Psychology at Western Washington Medical Group is recruiting a part time psychometrist to administer and score psychological and neuropsychological tests in an outpatient setting serving pediatric populations under the supervision of a licensed clinical psychologist.

A full psychological evaluation often requires 6 – 8 hours to administer and score depending on the referral question and condition of the patient. Batteries of tests will assess a variety of domains including (but not limited to):

- Cognitive functioning
- Expressive and receptive language
- Memory and learning
- Attention and concentration
- Visuospatial skills and reasoning
- Executive functioning
- Social perception
- Emotional status

JOB DESCRIPTION:

- Administer standardized psychological and neuropsychological tests according to administration criteria
- Score and report testing findings using scoring guidelines
- Observe and report behavioral observations of assessed patients
- Develop rapport with patients to facilitate optimal performance

BENEFITS:

- Competitive salary
- Flexible hours

QUALIFICATIONS

- Associates degree in psychology or a closely related field
- Strong interpersonal and communication skills
- The ability to work independently and ensure confidentiality
- Preference will be given to candidates who have worked previously with children in similar positions and/or received prior training on test administration

Western Washington Medical Group (www.wwmgroup.com) is a well-established, multi-disciplinary medical practice in Everett, Washington. Clinicians within the Department of Psychology, operating

within the larger medical group, have diverse interests and practices serving both pediatric and adult populations.

The Department of Psychology strives to create a work environment in which all individuals are seen and valued for their unique qualities and perspectives. Diversity is valued and equity and inclusion are high priorities. All eligible applicants are encouraged to apply.

Who are we? Western Washington Medical Group (WWMG) is proud to be a growing, independent provider organization who is on the front lines to improve health care for patients and the communities we live in. The providers who founded WWMG in the early 1990's shared the belief that local,

independent providers are best qualified to give their communities the best possible care. And because decisions are not made by distant corporate systems, that means our providers and patients are free to make the best informed choices together. The result is personalized, state-of-the-art care, with a work culture that's collaborative, supportive, caring, and fun. Learn more at <http://www.wwmedgroup.com/>

Our staff not only enjoys full benefits and professional growth opportunities, but also an environment noted for diversity, community involvement, intellectual excitement, and collaboration.

We're interested in learning more about you and appreciate your taking the time to apply online. We are committed to employing a diverse workforce. We welcome job applications from qualified individuals without regard to race, color, creed, religion, ancestry, national origin, age, sex, pregnancy, marital status, physical or mental disability, or any other protected characteristic. Minorities, women, disabled persons, and veterans are encouraged to apply.

All interested candidates are invited to apply.
